

Mamma Mia!

by Sandra

One of my favourite films is Mamma Mia! It is a funny romantic musical, starring Meryl Streep, Pierce Brosnan, and Amanda Seyfried.

The film is set in modern times on the Greek Islands. The scenery is lovely and typically Greek. Mamma Mia is about a young woman named Sophie Sheridan who is about to get married. Before her wedding she reads her mother's diary and finds out that her father is one of three possible men. She tries to find out who her father actually is.

The acting is very good. From young Sophie to the secondary characters everyone is perfect. The actors sing the songs of ABBA and they do it very well. The simple plot has many funny moments which I like.

I really enjoyed this film. I would recommend it to everybody who likes romantic comedies.
